

Trustmark Life + Care® Insurance

Take charge of your tomorrow.

A simple way to get both life and long-term care insurance

The need for long-term care (LTC) services can put a strain on families. Yet it can be a challenge to find protection against the rising costs of those services, in the event of an accident, illness or aging. Trustmark Life + Care insurance can be an easy way to buy affordable LTC coverage. It provides a long-term care benefit that's funded by permanent life insurance.

It can happen at any age, to anyone: something goes wrong and you start needing **help with the basics of everyday life**, like eating, dressing or going to the bathroom. When that happens, Trustmark Life + Care® pays **cash benefits** that can help you afford the comfort and quality of care that you desire. Plus, it **doubles as life insurance**, with a death benefit payable to your beneficiaries.

Why Trustmark Life + Care?

1. Two-in-one coverage: get both **permanent life insurance** (death benefit) and **long-term care benefits** for one affordable rate.
2. **Benefits can help with the cost of long-term care** if the time comes, so you can avoid depleting your retirement savings or overburdening family members.
3. Long-term care benefits can help pay for **professional caregiving services**: home health care, assisted living, adult day care and more.
4. Coverage is available to you on a **guaranteed issue basis** – no medical questions asked, and you can't be turned down – up to benefit amount limits.¹
5. Guaranteed to last a lifetime: once you have coverage and continue to pay your premium, your rate **doesn't increase as you get older**.

How Long-term Care Benefits Work

Trustmark Life + Care pays benefits in cash, directly to you, when you **require help with at least two of six activities of daily living** (for example, eating, bathing or dressing) or have a **severe cognitive impairment** (such as Alzheimer's Disease) and receive caregiving services for more than 90 days.²

Long-term Care Benefits

When you receive professional caregiving services, you can collect **4% of your death benefit amount per month**, up to two times the face amount of your certificate.

Professional Caregiving benefits example for a \$100,000 certificate:

\$4,000 per month up to a **\$200,000** maximum

Plus, with your Family Caregiving benefit, you can get benefits **when care is provided by a family member or friend** rather than by a professional! For family caregiving, collect **2% of your death benefit per month**, up to two times the face amount of your certificate.

Family Caregiving benefits example for a \$100,000 certificate:

\$2,000 per month up to a **\$200,000** maximum

You can even **switch between family caregiving and professional caregiving** and keep collecting benefits, up to the maximum of twice your certificate's face amount.

Any long-term care benefits paid proportionally reduce the life insurance death benefit. For example, for a \$100,000 certificate, if \$40,000 is paid in care benefits, the death benefit would be \$60,000.

Plus, long-term care benefits paid **do not reduce the death benefit**, so a full death benefit is available to your beneficiaries even after you receive long-term care benefits! This can dramatically increase the maximum value of your coverage:

Benefit type	Maximum Amount (\$100,000 certificate)
Long-term Care benefits	\$200,000
Death benefit (before age 70 or 10th anniversary)	+ \$100,000
Total maximum benefit	= \$300,000

Note: because your condition **does not have to be permanent** to receive benefits, the money you receive can help you recover your independence.

Adjusting to Your Changing Needs

During your working years, you are likely to need the **most life-insurance protection** for those who depend on you. And later in life, you are **more likely to need long-term care benefits** to help **pay for caregiving services**.

Trustmark Life + Care features a unique benefits structure designed to both address these changing needs and keep your plan affordable. It provides you with the **highest benefits** at the times in your life when you **need them most**:

Age	Maximum Long-term Care Benefits	Death Benefit
Before age 70 (or 10 th anniversary)	\$200,000	\$100,000
After age 70 (or 10 th anniversary)	\$200,000	\$33,000

The death benefit reduces to 33% at age 70 or your 10th certificate anniversary, whichever is later. However, your **long-term care benefits never reduce** and remain at the same high level into your later years.
